SAVINGS DEPARTMENT.

THIS BANK HAS ESTABLISHED IN CONNECTION with the general Banking business a SAVINGS DEPARTMENT, and will allow interest on Coin Deposits made in accordance with the conditions adopted by the Association.

In establishing a SAVINGS DEPARTMENT this Banking Association has in view the benefits to accrue to a class of persons having small sums to loan, by providing a safe place of deposit, ample security and fair rate of interest, as well as to aggregate and bring into use idle capital.

For the safety of deposits in this Bank are pledged its entire capital and resources, and also the personal liability of its Directors and Stockholders, as provided by Section 12 of the National Currency Act, approved June 3, 1864, a greater security than that given by ordinary Savings Banks. Printed copies of the conditions upon which deposits are received may be had upon application at the Bank.

DISPATCHES TO THE OREGONIAN.

EASTERN DATES TO OCTOBER 30.

EASTERN STATES.

Steamship Burned at Sea—Loss of Life.

KEY WEST, Oct. 30.—The steamer *Anna* which arrived this afternoon from Nassau brought intelligence of the burning of the Atlantic Mail Line steamer *Missouri*, on route from New York for Havana. Of all on board only twelve are known to be saved. The Captain and crew of the ill-fated vessel are said to be among the perished.

NEW YORK, Oct. 30.—H. J. Quinan, Treasurer of the Atlantic Mail Line, furnishes the following dispatch:

NASSAU, via KEY WEST, Oct. 30.—The steamer *Missouri* was burned at sea, 25 miles from Abaco. Five of the crew and the following passengers are saved: George Thackeray, John Riphis, Enrique Ysnoo, Wilbur Tunnel, James Cutler, Emitus Osterbridge and Ebenezer Saunders (colored). There is but little hope for the rest of the crew or passengers. These particulars came by the mail steamer *Anna* from Key West. I am waiting an answer.

(Signed,) JOHNSON.

Quinan says the above covers all the information the company has received in relation to the loss of the *Missouri*. I infer that our agent first learned of the disaster from passengers and crew who were saved, and who doubtless landed at Nassau. The dispatch was forwarded from Nassau to Key West to this company's steamer *Anna*, which service was probably performed by her, only after every hope of saving life had passed. Col. Albert S. Evans is among the missing. The following is a list of the passengers on board the steamer *Missouri*, bound for Havana: George Thackeray, Anthony Horton, Gertrude Davies and three children, Anto Manollias and wife, Colonel Albert S. Evans, Erastus Riegaro, Enrique Yanco, Henry Francis Fox, A. E. Osterbridge, Mrs. Mary Jane Allen and child, Ernest Sohase, Miguel Garcia. For Nassau: Victor Folibil, Miss Malcom, Miss Hopburn and infant, J. Cleveland, wife and servants; J. Cubrum, Wilbur Tunnel, Mrs. Green, Captain John Brown, first officer; Lewis Parrell, second officer; W. D. Hempstead, purser, and a crew of 54 men.

A Raid on Congress.

CINCINNATI, Oct. 30.—Gen. Garfield on change, said that there was likely to be a raid on Congress to make a demand on Secretary Boutwell to reissue $44,000,000 of greenbacks, at Secretary Boutwell had no right to do so under the existing laws. Congress looked to such bodies as this Chamber for aid in their efforts against disturbing the currency.

An Immense Colony.

WASHINGTON, Oct. 30.—A letter has been received at the General Land Office setting forth that a movement is on foot by the Israelites of Europe for settling a colony of Roumanians and Continental Jews in America. It appears there is a company formed possessing a paid up capital of $1,500,000, which contemplates settling in this country with some 8,000 families, comprising 40,000 persons. They wish to obtain 25,000 acres of government land for that purpose.

Abatement of the Horse Disease.

NEW YORK, Oct. 30.—The condition of the horses in the stables is reported a little better and appears to indicate an abatement of the disease.

NASHVILLE, Oct. 30.—The Democratic State Executive Committee have published the result of the canvass as follows: Cheatham, 77,575; Johnson, 40,620; Maynard, 40,800, The Committee urges the concentration of votes on the party nominees to avert the election of three or four Republican Congressmen.

WASHINGTON CITY.

Gen. Sherman's Health.

WASHINGTON, Oct. 30.—Gen. Sherman was out to-day for the first time since his recent sickness. He rode to the War Department this morning and devoted some time to official business. Great solicitude has been manifested relative to his condition.

Discriminating Duties.

WASHINGTON, Oct. 30.—The President has signed the proclamation declaring that all provisions of acts imposing discriminating duties on foreign tonnage and import duties in the United States are revoked, except as to goods imported in French vessels, but shall henceforth remain in full force as relates to goods and merchandise imported into the United States in French vessels from countries other than France, so long as discriminating duties shall continue to be imposed by France upon goods and merchandise imported to France in vessels of the United States.

BY ATLANTIC CABLE.

From London.

LONDON, Oct. 30.—The Marquis of Ripon, who presided over the High Joint Commission which framed the *Alabama* treaty at Washington, delivered an address last evening at Ripon, upon the result of the arbitration at Geneva. He expressed himself thankful that all the points involved in the Treaty of Washington were peacefully and amicably settled and regarded that as a great step toward the preservation of peace in the world. "Though," said the Marquis, "the controversy between the two nations had been sometimes keen and eager, the feelings of the people as well as of the respective governments, never became embittered."

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, Oct. 31.—Up to date this year merchandise to the value of $17,687,270 has been exported hence, and specie on mercantile account to the value of $26,345,754.

The driver of Lucy offers to bet $2,500 to $500 that his mare can, in ten days, beat the best recorded time, which is 2:16½.

The Heath Manufacturing Company, with a capital of $10,000, has organized to deal in laboring machines, &c.

The Yellow Pine Copper and Galena Mining Company, capital $5,000,000, has organized to mine in Yellow Pine, Nevada.

INTERIOR CALIFORNIA DISPATCHES.

SAN RAFAEL, Oct. 31.—A ledge of coal was struck while blasting rock back of town. The ledge varies from three to six inches wide where first struck. The formation of rock contains slate and limestone. The croppings of the vein have been tested and it burns very well. It was also tested for gas and answered the purpose very well.

LOS ANGELES, Oct. 31.—A large Democratic and Liberal Republican mass meeting is being held here to-night, the closing meeting of the campaign. The streets are illuminated with bonfires. Col. E. J. C. Kewen, candidate for Congress, is delivering a campaign speech. The rival orators of Stanford & Co., and the San Diego Railroad, met to-night at Anaheim. Indications seem to be that the Southern Pacific subsidy will be carried.

VISALIA, Oct. 31.—A large and enthusiastic narrow gauge railroad meeting is being held at the Court House to-night. A committee from Stockton is in attendance. Their proposition meets with great favor. Subscription books will be opened at once.

At the Kingston races to day, single dash of a mile, was won by Coal Oil Tommy in 1:52½.

VALLEJO, Oct. 31.—One of the finest and most enthusiastic political meetings of the season is being held here this evening. Bonfires and illuminations are the order of the evening. Speeches were made by Hon. J. M. Coghlan and McKenna. Many houses are brilliantly illuminated.

Passengers that left Idaiana for Seattle at 6 o'clock last Tuesday morning, arrived at their destination at 12 o'clock the same night—making the distance, about 140 miles, by car, stage and steamer, in 18 hours, the quickest time on record between the two places.

It is estimated that within five years 20,000,000 bushels of wheat per annum, from Minnesota and the Valley of the Red River of the North, will find their way to tide-water through the Sault Ste. Marie Canal.

LAST NIGHT'S DISPATCHES.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

EASTERN DATES TO OCTOBER 31.

EASTERN STATES.

Tugs on the Canal.

OSWEGO, N. Y., Oct. 31.—No improvement in the horse epidemic. Another tug has been chartered to tow boats on the canal, making three in all.

Hall's Trial.

NEW YORK, Oct. 31.—In Mayor Hall's case Tremaine is proceeding with the closing argument for the prosecution.

A Bold Game.

PROVIDENCE, R. I., Oct. 31.—This morning a convict named Peck gagged a watchman, then liberated Charles Williams, another convict, and attempted, unsuccessfully, to liberate the alleged murderer Dennehy and a burglar. Peck and Williams afterwards rang the watchman's bell at the usual time and subsequently escaped.

NEW YORK, Oct. 31.—The burned steamship *Missouri* was valued at $200,000 and insured for $100,000. Her cargo was estimated at $250,000.

Col. Evans.

NEW YORK, Oct. 31.—Col. Albert Evans, who was reported lost on the *Missouri*, was formerly agent of the Associated Press at San Francisco.

A Barbarous Instinct Illustrated.

NEW YORK, Oct. 31.—A Hendersonville, New York, letter says five thousand people assembled there on the 25th, to witness the execution of Martin Bayland, for the murder of Silas Weston and his three children, but he escaped during the previous night in his wife's clothes.

Death from Maltreatment.

NEW YORK, Oct. 31.—Another inmate of the Ward's Island Asylum, named Louis C. Samuels, died on Tuesday from alleged violence at the hands of one of the keepers, named McDonald. The victim had been put in a cold bath and brutally kicked in the stomach.

Acquitted.

NEW YORK, Oct. 31.—At a late hour last night it was reported in Jersey City that Chief of Police McWilliams was acquitted, and that eleven jurors were for the acquittal of Doyle.

Cabinet Rumor.

NEW YORK, Oct. 31.—A Washington special says there are well founded rumors that Columbus Delano will succeed Boutwell as Secretary of the Treasury, in case of Grant's re-election.

Horse Disease.

NEW YORK, Oct. 31.—The cool and bracing weather for the last two days has had good effect upon sick horses, and the malady seems slightly abated.

A female doctor reports that she is treating four ladies suffering from horse disease.

Mr. Bonner thinks the distemper will soon pass by.

European steamships yesterday sailed on time, their cargoes being furnished by lighters. The disease is spreading in New Jersey.

SYRACUSE, Oct. 31.—The horse disease is abating, the favorable weather having a good effect.

NEW YORK, Oct. 31.—There are apprehensions in political circles that the horse disease may affect the result of the election in this and some other States by preventing country voters from getting to the polls.

CHICAGO, Oct. 31.—There is no longer a doubt that the prevailing horse disease has reached this city and vicinity, and is now spreading very rapidly.

Improving.

TROY, Oct. 31.—John A. Griswold is slightly improving.

Accident.

ST. LOUIS, Oct. 31.—Samuel A. Taylor, of S. A. Gaylard & Co., bankers, was severely but not fatally wounded in the neck by the accidental discharge of a derringer which he was carelessly handling.

WASHINGTON CITY.

Horse Disease at Washington City.

WASHINGTON, Oct. 31.—Two of the morning papers report forty or fifty horses with symptoms of the equine epidemic. Another paper says the veterinary surgeons are not attending to any horses, and do not believe there is a case in the city.

Hanged for Murder.

CHICAGO, Oct. 31.—George W. Jenkins, colored, was hanged to-day in the jail yard at Washington City, for the murder of his wife in May last.

BY ATLANTIC CABLE.

From Berlin.

BERLIN, Oct. 31.—Upper House of the Prussian Diet recently rejected the country reform bill by a vote of 145 to 18. This was done in the face of a threat from the Minister of the Interior that if the measure was defeated the Government would dissolve the Diet and convoke a new one.

EVENING.—The Prussian Cross *Gazette* says the Government has made good its threat to appeal to the country on the reform bill. The present session of the Diet will be closed to-morrow afternoon, when a decree will be read dissolving the body and ordering the election of a new Diet which is called to meet on the 12th of November next.

Warlike.

CHICAGO, Oct. 31.—A New York special says cable dispatches stating that Russian forces are preparing to march upon Khiva, are confirmed by foreign files received this morning by the steamer *Java*.

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, Oct. 31.—It is believed that wheat freights have touched the maximum. They are certainly cheaper now than they were a month since. Wheat shipped and loading so far this year amounts to four million and sixteen thousand centals. Vessels on the way hither will carry four million, two hundred thousand centals more. Total, eight million, three hundred and sixty thousand centals, equal to twelve million, two hundred and sixty-six thousand six hundred and sixty-six bushels.

The Red Jacket Mining Company was incorporated this afternoon, capital $2,000,000, to work in French Mining District, Owyhee county, Idaho.

Brown's Valley Consolidated Mining Co., capital $2,500,000, to mine in Yuba county, was incorporated.

The graduating exercises of the Medical College of the Pacific, will take place to-morrow evening in Calvary church.

According to a statement made by Dr. Toland at a meeting of the Board of Health to-day, swill milk adulterated, is furnished the city hospital by the contractor.

SAN FRANCISCO, Oct. 31.—The Greeley and Grant clubs are very active, as the campaign is closing. To night there were three enthusiastic meetings of each party.

The probabilities are, although it is not a reporter's business to say so, that Grant will carry this city by at least 2,500 majority.

There are no vessels coming to-night.

Stocks this afternoon mixed—some up and some down. The average was such as to forbid a statement of actual facts beyond prices heretofore telegraphed, which mean nothing.

Nothing further has been received from the wrecked *Missouri*.

Two whaling barks arrived to day. They do not report flattering results of the fleet.

BY STATE TELEGRAPH.

ALBANY, Oct. 31.—W. D.

The Daily Oregonian.

FRIDAY MORNING, NOVEMBER 1, 1872.

The Reform Party.

Since the ostensible retirement from the Tammany party of Tweed and Hall and those of their fellow plunderers who had become most notorious in connection with the corruptions of their government of New York City, the Greeley watchword of Reform has been taken up and echoed back by Tammany Hall. For some months the members of that organization have been declaring themselves extremely happy to have been freed from the unconscientious management of Tweed and his lieutenants; and to show the sincerity of those professions, they have offered their kind offices to the Committee of Seventy as often as occasion presented itself, to assist in the carrying out of the reforms demanded by the people. They still, however, took care to maintain their organization, and to use every exertion to keep the Democratic party in their hands and subject to their manipulation. They hailed with joy the defection of Greeley and the few others who left the Republican party with him. They were swift to strike hands with these Liberals, who proclaimed themselves the party of reform. It was a most appropriate alliance. Nothing was plainer than that these Liberal "Reformers" were simply disappointed politicians who had left the Republican party because they could not control the President in the distribution of patronage.

The reformed Tammany has taken a very lively interest in the Presidential contest, seconding every movement of the regular Greeley programme with its utmost endeavors. But when the time came round for the nomination of candidates for city offices, the true character of the organization came to light. It is the same old body of corruption. After an immense amount of maneuvering for advantage and wire-pulling, in which the tactics of the former managers were too plainly visible to admit of denial, the Tammany ring finally succeeded in making the nominations for the city, and its candidates are said to be without exception, men who are avowed friends of the retired thieves, and most of them persons who were suspected of participating in the thefts committed by their leaders.

We have in these nominations a specimen of the sort of reform which is in contemplation by the Greeleyites. It is a reform that puts hungry politicians and place hunters into office, instead of men of integrity and capacity. Because President Grant insisted upon appointing men to positions of trust and responsibility on account of their fitness for the places, these people resolve to reform the party and remove the President. And to accomplish this, they unite with a ring of condemned and repudiated politicians to foist upon the people of the chief city of the nation a set of men known to be hand-in-glove with the greatest public criminals of the age and suspected of having been privies to, and participants in, their crimes.

The Next Civil War.

The days of the Southern fire-eaters seem to be returning, but the actors are not the same. Those fanatics received a lesson that they will not soon forget, when they attempted to carry their extreme theories into practice. Their fierce denunciations of the North and their braggart threats of resistance to lawful authority in the event of a Republican being elected President in 1860, excited and inflamed the public mind of the South to an extent that placed it beyond their power to allay the hostility of the Southern people toward those of the North, if they had desired to do so. The consequence was a war in which they and the people they had thus misled and aroused to resistance, suffered together the calamities of war, and the humiliation of defeat and subjugation.

And now we hear the same old threats uttered by the so-called Liberal Republicans. History has taught them nothing, and they take up the almost forgotten language of Yancey and Slidell, and threaten the destruction of the Government, unless it shall accede to their selfish and unreasonable demands. Ethan Allen, Chairman of the Greeley Executive Committee of the United States, enraged at the result of the Elections in Pennsylvania and Ohio, sounds the note of warning as follows:

> Let these base deeds of the dominant party be repeated in November, and who shall say that the hour may not be fast approaching when some energetic spirit shall thunder in the willing ear of an outraged nation that physical resistance to such infamy is obedience to God?

It had been fondly hoped that this method of meeting the result of popular elections in this country was at an end. The events of the last twelve years, it would seem, ought to be considered to have demonstrated the impotency of physical resistance to the will of the people of this country, when that will has been expressed in the manner prescribed by the laws of the land.

The handful of Liberal Republicans who compose the entire army under command of Mr. Ethan Allen, amounts to nothing, and his threat has no significance whatever, so far as results are concerned; but it shows the animus of the Greeley movement on the part of the Liberal Republican element, of which Allen is the acknowledged mouth-piece. They propose to get up another war, because the people do not think proper to entrust them with the reins of government.

The Central Pacific Railway Company have made great reduction on the rates charged for freights between Ogden and San Francisco, as shown by the extracts we gave yesterday morning from the San Francisco *Commercial Herald* and Salt Lake *Herald*. The reduction is brought about in part by a new classification of goods. The rates per car load are fixed as follows: First class, $185; second class, $160; third class, $135; fourth class, $110; special, 95 cents per hundred. The reduction is especially favorable to miners, as ores of much lower grades can now be shipped to San Francisco than heretofore.

The Central Pacific Company, it is evident, realizes the fact that the true policy of carriers, as well for their own good as for that of the public, is to reduce freights to the lowest paying rates, and so to classify them as to encourage and stimulate production and shipment. The distance from Ogden to San Francisco is 881 miles.

At a Woman's Rights meeting recently held in Boston, Lucy Stone, while remarking upon the progress already made in woman's cause, said:

> I remember after a lecture I had given twenty years ago, when the audience sat attentive listeners through the whole evening, a gentleman sent me a note, written in evident sincerity, asking whether I was really the author of the lecture. He said it was his opinion that it had been written by Horace Greeley.

Mr. Greeley is now one of the most pronounced opponents of the cause which Lucy was then, and still is, advocating.

The Herald on Senator Corbett.

The *Herald* appears to think Senator Corbett has overstepped the bounds of propriety, in presuming to address the people of Oregon upon the political contest now going on. We were not aware that a Senator of the United States was disfranchised by his official position. The fact that no person has heard of our Democratic Senator since his election, may possibly have led the editor of the *Herald*, to suppose there is some especial impropriety in a person who holds official position having anything to say about the politics of his own State. The wanton attacks of the *Herald* upon Attorney General Williams, last spring, would seem to indicate the same idea of official etiquette. We have no recollection, however, of seeing any attack of the *Herald* upon Mr. Congressman Slater for exercising his right to address his fellow citizens of Oregon, upon his own invitation, which he has been doing extensively of late. We do not consider Mr. Slater's action contrary to good taste, and we do not know that it would be objectionable on that ground, if he were a Republican Senator, instead of the Mr. Congressman Slator that he is.

As to the insinuation of the *Herald* that Mr. Corbett is likely by his address to exasperate those Democrats who preferred his election to Mr. Mitchell's, considering the latter Mr. Holladay's candidate, the *Herald* well knows, as does its party friends, that Mr. Corbett, through all the Senatorial contest, never intimated a willingness to abate one jot of his Republican faith though by so doing he might be re-elected to the Senate, but that, on the contrary, he invariably, in presence of Democrats and Republicans alike, said that if he should be elected it must be as a Republican and as an Administration Senator; and that the choice between him and Mr. Mitchell was simply a choice between two Republicans.

As to the *Herald's* proposition that no one has a right to speak upon political matters, unless he has something new or interesting to say, we can not see application of it to Senator Corbett's able address; but we should like to inquire whether the same rule is applicable to journalism; and if it is, what excuse the *Herald* has to offer for its daily appearance.

The Lost Cabin.

The *Overland Monthly* for November contains a very interesting story with the above title, from the pen of S. L. Simpson, Esq., a gentleman who has produced several of the most finished poems and compositions that have been credited to Oregon. We have carefully read the article under consideration, and conscientiously commend it as a scholarly production. The narrative is good, and the language, being correct and beautiful, combines with it to chain our attention. The story of the Lost Cabin is one familiar to the ears of most of us, for nearly every old resident has heard some version of it from the lips of those who pretended to personal knowledge of the leading incidents. It remained for Mr. Simpson, however, to dress the legend in attractive language, and embellish it with beautiful conceptions, so that it should be a feast for cultivated minds. We would make only one alteration, and that is by striking out the whole of the last paragraph which seeks to explain what had best been left for the imagination of the reader to enlarge upon. Such dry particulars could only be expected to come out on a cross-examination. A satisfactory climax is reached at the end of the sentence, "It was the story of my own rosene from the Southern wilds." The additional paragraph is a descent.

This article, in connection with others from the same pen, indicates that Mr. Simpson is a writer of first class imaginative ability, and we hope he may have success in proportion to his merit.

The *Herald* admonishes Democrats not to vote for the O'Conor ticket, saying it is merely a scheme of the Republicans to divide the Democratic vote and secure the election of Grant. If the *Herald* supposes that the Republicans have any fears of the defeat of Grant, either in the nation, or in the State of Oregon, it supposes what is wholly untrue. There is no more doubt of Grant's election, than there is that the day of election will come; and the Republicans can well afford to stand aloof, as they are doing, and let the quarrel between the Democrats and Greeleyites run its natural course. That quarrel, however, as a political event, has its significance, and the Republican journals have commented upon it from time to time, as it has developed. That the Democratic ticket has any prospect of carrying the State of Oregon, every one knows is simply out of the question. But it is equally out of the question that the Greeley ticket can be elected. It is, therefore, a question for the Democrats to settle for themselves, whether they will be defeated as Greeleyites or as Democrats. As a Republican, we sincerely trust the madness which precipitated the Democrats into the fatal blunder of nominating Horace Greeley for President on a Republican platform, will not give way to returning reason till they have completed the destruction of their party organization by casting their votes solid for Greeley. This is the Republican view of the matter.

The Art and Science building of the Pennsylvania University was dedicated a few days ago, with imposing ceremony. There was a large collection of works of art on exhibition, among which were portraits of the founders and chief patrons of the University. Hon. James R. Ludlow presented the memorial windows and portraits to the Trustees, and his address seems to have been the most interesting part of the exercise. It was a sketch of the portraits and windows, taken in their historical and chronological order, and at the same time a condensed history of the University, from its foundation in the academy erected through the instrumentality of Benjamin Franklin, down to the present time. This academy started with, in 1749, an endowment of £800, and in 1755 a charter was granted by Penn for the "College, Academy and Charitable School of Philadelphia." It will be seen by these dates that the University is the sixth college, in order of age, in the United States; William and Mary, Harvard, Yale, King's (now Columbia) of New York, and Princeton, being the only seniors. The alumni have presented a window in memory of Franklin, in whose handwriting, as Secretary of the College, the early records of the institution still remain.

The campaign grows more spirited as it draws to a close. From different sections of the State we receive intelligence indicating that the Republicans will poll nearly if not quite a full vote, notwithstanding the certainty of success without effort, and the want of opposition, seemed for a long time likely to prevent any very active work. We confidently predict a majority for Grant, of fifteen hundred, if not two thousand.

Bills Approved.

We learn from the *Statesman* that in addition to those we have heretofore published, Gov. Grover has approved the following bills:

To provide for the sale of tide lands on the sea shore.

For the relief of Lane county.

To amend an act entitled an act to provide a Code of civil procedure. Approved Oct. 11, 1872.

To provide for certain contingent expenses of the Legislative Assembly.

To authorize the sale of lands granted by Congress to assist in the erection of Capitol buildings.

To prevent the spreading of contagious diseases among domestic animals.

We transfer the following from the regular dispatches of last night:

SAN FRANCISCO, Oct. 31.—Colonel Albert S. Evans, who was lost on the 22d inst. by the burning of the *Missouri*, was a resident of this city, where he leaves a family. He had been on a visit East to superintend the publication of a book of which he was the author, and at the time of his death was on his way home by way of Mexico. He will be recollected as the author of "Our Sister Republic," the materials for which he gathered while traveling through Mexico with William H. Seward. He was much esteemed by his many acquaintances and business associates in this city, and his loss is deeply regretted. He had a great desire for travel, adventure and exploration, and has at length fallen a victim to that passion. Within a short time San Francisco has lost two citizens noted in arts and letters by the burning of steamers in the Gulf of Mexico—Arriola, the gifted painter, lost in the *Bienville* disaster, and now his friend Evans, the author and traveler, has gone down with the ill-fated *Missouri*. He was the agent on this coast of the Associated Press.

Hon. Lansing B. Mizner, of Benicia, one of the ablest Republicans of the State, in a postscript to a private letter, says: "Put California down for Grant by 10,000 majority."

COUNTY TAXES —The tax roll for this county has been completed, and a copy forwarded some days ago to the Secretary of State, and a copy placed in the hands of the Sheriff for collection on the 29th. For the benefit of tax payers we publish Section 33, page 904, General Laws of Oregon, which reads as follows

"33. It shall be the duty of the Sheriff upon the receipt of the tax roll from the County Clerk, immediately thereafter to give notice by posting up written or printed handbills, three in each precinct within his county, to the effect that he or his deputy will attend at the usual places of voting in each election precinct in his county, for the purpose of collecting taxes; the meeting not to be less than one day in each precinct, and notice to be given fifteen days before such meeting, which notice shall distinctly state the day and hour of meeting and adjournment, and if any person residing in such precinct shall fail to attend at such time and place, and pay his or her taxes, such delinquent may pay the same within thirty days at the County Seat, to the Sheriff or his Deputy; and if he fail to pay within the thirty days, as aforesaid, and the Sheriff visits his residence, the Sheriff may collect of such person, for his own use, ten cents per mile going and returning."

Under the provisions of the law now in force relating to the collection of taxes, all taxes are required to be paid within thirty days after the days appointed for meeting the taxpayers in the several Precincts, and all taxes not paid within that time are liable to cost as upon execution.

In pursuance of the law, as above quoted, the Sheriff will meet the taxpayers of this county at the respective precincts on the following days North East Portland, Monday, November 25th; East Portland, Tuesday, November 26th; Grant, Wednesday, November 27th; Sauvie's Island, Friday, November 29th; St John's, Saturday, November 30th; Powell's Valley, Monday, December 2d, Sandy, Tuesday, December 3d, Willamette, Wednesday, December 4th, Multnomah, Thursday, December 5th; Fulton, Friday, December 6th, South Portland, Saturday, December 7th; Oregon, Monday, December 9th; Madison, Tuesday, December 10th, Central, Wednesday, December 11th, Morrison, Thursday, December 12th; North Portland, Friday, December 13th, Couch, Saturday, December 14th, Washington, Monday, December 16th.

THE WORLD'S EXPOSITION.—At the Agricultural and Mechanical Fairs given both at San Francisco and the large cities East, various specimens of the natural productions of Oregon have been on exhibition Such articles or specimens have never failed to challenge admiration abroad, and create favorable impressions in the minds of those who have seen them as to the productiveness of the State The exhibition of Oregon grain, vegetables, woolen goods, articles of manufacture, minerals, etc, has been one of the most successful methods of bringing the State into favorable notice, and has doubtless added an impetus to the tide of immigration which has been setting this way. But it has only been of recent date that this thing has been done. Had it not been for a few enterprising men of the country even these opportunities would not have been improved; especially as there is a strong disposition to ignore the very existence of the State, and belittle its importance, among the people of California, and even those of the east. But we are sincerely gratified to note the fact that Oregon productions are finding their way east and west, and their superior qualities are commanding good prices, ready market, and awakening general interest and inquiry among the various classes. We are informed that some of the truly enterprising citizens of the State are engaged in collecting the largest, finest and best specimens of Oregon productions, which will be forwarded in time to be placed on exhibition at the World's Exposition to be held at Vienna, Austria, some time in next May. These specimens will consist of different cereals wheat, oats, barley—woolen goods, a cabinet of various native minerals, coal, shale, several kinds of wood indigenous to the country, iron ore, etc. The display of such productions, properly labeled, of which the State abounds, and without which no country can ever become prosperous and wealthy, at the Exposition where hundreds of thousands of persons from all portions of the civilized world will be assembled, will be the means of disseminating information concerning the various resources of this far off land. Such an exhibition will attract more general attention, and convey a better and more tangible idea of Oregon than the distribution of thousands of real estate pamphlets. It is an enterprise, small as it may seem, which promises a hundred fold return to the State.

SPEAKING LAST EVENING.—The announcement made yesterday of the public speaking to be held last evening at the Court House, drew out an unusually large assemblage. The East Portland band paraded through the principal streets of the city at 7 o'clock, and then took up their line of march to the place of rendezvous. Hon. Rufus Mallory was first introduced to the audience amid deafening applause He came forward and addressed the waiting few nearly three-quarters of an hour Mr. Mallory handled the political issues of the day with his customary force, and clearly showing in an irrefutable manner the wisdom, economy and justice of the present administration, and the political exigencies of the hour, which required the re election of President Grant He defended from the aspersions and calumnies which have been hurled from many quarters against Grant and his administration, in a powerful and effective manner, and dealt Greeley and his so called Liberal followers, some withering blows, which those who are acquainted with the gentleman's sarcastic, incisive style of speak can better imagine than it can be described. W Lair Hill, Esq, was next introduced as one of the announced speakers of the evening. This gentleman received hearty applause on his appearance, and commenced his speech. He had scarcely started, however, when the meeting was brought to an abrupt termination by an alarm of fire. Speaking again this evening.

SUNDAY RUNAWAY.—A large, powerful bay horse, which had by some means become freed from a dray, came tearing down Washington street yesterday afternoon. Several persons who were crossing the street at the time, narrowly escaped being run over When the horse reached Front street, he concluded to try the sidewalk. He ran on the walk opposite the American Exchange Hotel, and continued towards Stark street. As usual, a large crowd of persons were standing around waiting the arrival of the lazy Fortunately for them all, the noise attracted general attention, and they allowed an opportunity to escape. The horse crossed Stark and took the walk again opposite the Cosmopolitan Hotel, making the crowd skedaddle in all directions Away flew the animal and very nearly crashed over a Chinaman and white man who were standing close to the auction store of A B Richardson. Parties who saw the danger of the men shouted to them repeatedly, but no engrossed were they that the warning was disregarded until the frightened animal was on them By a "scratch" the two sprang aside, and the horse rushed between them knocking both down by the suddenness of the movement As far as the horse could be seen he took to the sidewalk, pedestrians giving him plenty of room for his strange antics.

FALSE ALARM OF FIRE.—More than once of late the Fire Department has been called out by an alarm rung by some person who did it just for the fun of the thing Such acts become monotonous by a frequent repetition, and some members who have the good of the city at heart, and desire the efficiency of the Fire Department, have expressed themselves as indignant at these alarms which are rung without any cause whatever, and we trust they will take such measures as will lead to the detection of the person who takes this method of imposing on the public A fine or a few days' work in the chaingang would have a tendency to restrain such humorous fellows from similar modes of getting up an excitement in the future.

GRAND PREPARATION —One of the Chinese religious observances, known as the "Feast of the Dragon," will commence this evening One of the rooms in the lower story of the Masonic Hall has been fitted up temporarily for this purpose The apartment is being decorated in a manner truly gorgeous, and with an elaborateness of detail for which this ancient race is so characteristic The feast will continue for several days and nights successively.

BANNER.—A large banner has been stretched in front of the Court House, on which have been painted in large letters, the names of Grant and Wilson, and also those of the candidates of the Presidential Electors from Oregon

SUPERINTENDENT REPAIRS.—Mr. J T Robertson left for the Sound. He goes to Port Dungeness to superintend some repairs which are being made at that point to the light-house.

REGISTER IN BANKRUPTCY —J J Henderson attorney at law, and Register in Bankruptcy for the District of Oregon, has established his office at room 14, Dekum's building, corner of Washington and First streets Wednesdays and Thursdays of each week, and the hours from 10 to 12 o'clock of other days will be specially devoted to the business of taking proof of claims and attending to other matters in bankruptcy

KILLED —Yesterday evening as the train was coming in to the depot on the east side, two hogs were observed on the track between the car shop and East Portland, a short distance ahead of the locomotive The engineer whistled 'down brakes,' but the swine, instead of getting out of the way, ran directly in the teeth of the monster The train came out first best, but the hogs now sleep in the valley

IN BALLAST —From parties down the river we learn that the bark *Red Deer*, in ballast, is now at Astoria bound for this port Another vessel is reported off the bar, also in ballast Both these vessels are from China, and are consigned to Roger Meyer & Co, of this city They will load with wheat for Liverpool Several other vessels are on the way to this port consigned to this firm, and will load with grain for the United Kingdom

FELL IN A FIT —A young man fell in a fit last evening at the Cosmopolitan Hotel, which lasted for nearly half an hour. He was very violent, requiring several powerful men to hold him at times Several weeks ago this man was severely injured internally by the stage accident which occurred in Southern Oregon, and the fit was supposed to be attributable to his condition

MISSIONARY CONCERT —The monthly Missionary Concert of the Taylor street M E. Sunday school, will take place next Sunday at 2 P. M The exercises will consist of addresses, readings recitations, an original dialogue, with a choice selection of vocal music, duets, quartettes, and choruses, including a duet and chorus of fifty voices, by Mrs DeVore's infant class.

BURGLARS —Some persons attempted to burglarize the residence of Mr George L. De Pree yesterday morning about 3 o'clock. A gentleman who was sleeping up stairs heard footsteps and some one working at the window sash. He shouted out that some one was endeavoring to get in. The callers made good their escape, slamming the gate behind them.

OFF THE TRACK.—The locomotive J H. Conell ran off the track yesterday, while backing down near the west side depot. The locomotive Jas. B. Stephens was sent to the assistance of the engine in trouble, and also succeeded in getting in a similar plight However both locomotives were placed on the track after considerable difficulty

BARK *FORWARD* —The bark *Forward* has nearly completed receiving cargo. On Sunday next she will be towed down to Rainier, and there take on board a quantity of flour. This vessel will carry away 200 Chinese passengers, and a large quantity of flour and lumber. She is drawing now about sixteen feet of water.

CLOSED FOR REPAIRS.—The repairs which Philharmonic Hall is at present undergoing necessitates the temporary closing of that place. The room is to be thoroughly overhauled The floor will be rebuilded and waxed, the windows and woodworks painted, and the walls and ceiling kalsomined.

CHANGES IN TIME —Two changes in the schedule time on the east side roads are expected to take place in a few days. The regular trains on the east side are to run through to Rose burg, and on the west side to St. Joe, on the Yamhill river.

BOILERS —We learn that the new boilers which will be used on the steamer *Annie Stewart* are expected to be completed in a few weeks, and will be placed on board at once The intention is to have the boat ready to run by the first week in December.

ON THE TRACK —The locomotive James B. Stephens, which has been transferred to the west side road, was taken out of the engine house and made a short trip up the track yesterday afternoon. She will soon be used in drawing regular trains.

TO THE FRONT.—Fail not to remember the speaking at the Court House this evening. Hon. John H. Mitchell, U. S. Senator elect, and Hon. Joseph G Wilson, Congressman elect, are announced as the speakers for the occasion.

DETAINED —The steamer *Vancouver* yesterday placed a large quantity of hoop poles on the steamer *Oriflamme*, which will be shipped below. In consequence, the *Vancouver* did not leave her wharf until 5 o'clock.

WILL DECIDE.—The motion for a new trial in the case of the mail robbers, which was argued in the U. S District Court Wednesday, will be decided next Wednesday, 6th inst., by His Honor, Judge Deady.

FINED —I. Bloom was tried yesterday before Justice Davis, on a charge of receiving stolen goods. The defendant was fined the sum of $50 and costs, who paid both and was discharged.

FESTIVAL —The members of Trinity Church gave a festival last evening at that place The proceeds will be applied towards defraying the expenses necessary to furnish the Church.

NEW FEATURE.—We observe that a new feature has recently been added to the *Advocate* in the creation of a Commercial Department. James R Farrish has charge of the department.

FIRST PAPERS —Wednesday, in the United States District Court for the District of Oregon, Henry Symcoakes obtained his first papers for American citizenship, native of Ireland

ADJOURNED MEETING —An adjourned meeting of the Oregon Presbytery will be held at Albany, commencing next Thursday evening at 7 o'clock

THE COUNTY COURT —The County Court will convene next Monday at 10 o'clock, A. M.

AN ACT

To amend an Act entitled "An Act to incorporate the City of Portland" approved October 13, 1864, and the Acts amendatory thereof

Be it enacted by the Legislative Assembly of the State of Oregon

Section 1 That Section eight (8) of an Act entitled 'An Act to incorporate the City of Portland' approved October 14, 1864, as amended by an Act approved Oct 21 1870, be amended to read as follows

Sec 8 There shall be elected at the annual election provided, a Treasurer Assessor, Auditor, Attorney Superintendent of Streets and Surveyor who shall be officers of the Municipal Corporation The Treasurer and Assessor shall be elected for two years by the qualified voters of this Corporation, at the time hereinafter provided, and shall hold office until their successors are elected and qualified and the Attorney Surveyor Superintendent of Streets, and Auditor shall be elected by the Common Council the votes of a majority of all the members thereof constituting the Council being necessary to elect, and they shall hold their offices for one year or until their successors are elected and qualified liable however to be removed at any time by the Mayor and Council for misfeasance inattention or incompetency

Sec 2 That Section sixty one (61) of said Act be and the same is hereby amended so as to read as follows

Sec 61 The Superintendent of Streets shall keep an office at some convenient place to be designated by the Common Council which shall be kept open for business on all ordinary business days He shall keep himself informed of the condition of all public streets highways, bridges, sewers street lamps, parks and grounds and shall have the supervision of all work done for the improvement construction and repairs thereof, whether such work be done by contract or by or at the expense of the owners of adjacent property, he shall see that the provisions of all laws ordinances and regulations relative to the public streets and property upon designated are strictly enforced; and no claim for work, as herein specified, shall be allowed or paid out of the City Treasury without the certificate of the Superintendent that such work has been done to his satisfaction; *Provided*, That any Contractor feeling himself aggrieved by the determination of the Superintendent of Streets, may appeal to the Common Council The Street Superintendent shall keep proper records of all matters relating to the business of his office, and report to the Common Council from time to time such suggestions and recommendations as to matters connected with his department, with plans and estimates of the cost of improvements, as he may deem expedient, and perform such other duties as may be required of him by ordinance He may appoint one or more deputies, who shall have all the powers and perform any or all the duties of the Superintendent under his direction, except the acceptance or approval of work done, the number of deputies and their compensation to be fixed by the Common Council All ordinances now in force, the enforcement of the provisions whereof are incumbent upon the Street Commissioner, shall be executed and enforced by the Superintendent of Streets, until altered, repealed or amended by the Common Council, and the Street Commissioner shall continue to act in the discharge of his duties, under said Ordinances, and shall perform all the duties required of the Superintendent of Streets under this Act until the election and qualification of a Superintendent of Streets when the office of Street Commissioner shall be abolished.

Sec 3 That Section One Hundred and One (101) of said Act be amended so as to read as follows

Sec 101 The Council must provide by Ordinance for the time and manner of doing the work on any proposed improvement, subject only to the following restrictions, viz:

After proper notice the work must be let to the lowest responsible bidder, for either the whole work necessary to complete the proposed improvement, or for such subdivision thereof as will not materially conflict with the completion of the remaining portions, but no bid for a fractional part of any of said improvements for any block fronting upon the street to be improved shall be received, and a bid by the owner or owners of two-thirds of the property in a block fronting on a street proposed to be improved must be accepted, *Provided*, The same is as low as any other bid, and that the work can be to such divided without injury to the owners of adjacent or other property

The Council may provide for the rejection of any or all bids when deemed unreasonable, and that the bid of any person who has before bid or contracted for such work and been delinquent therein, shall not be received.

The Council may provide for taking security by bond for the faithful performance of any contract let under the authority, and the provisions thereof may be enforced by an action in the name of the City of Portland

Sec 4 That Section One Hundred and Six (106) of said Act as amended by an Act approved October 21 1871, be so amended as to read as follows

Sec 106 The Council shall have power to lay down all necessary sewers and drains, and cause the same to be assessed on the property directly benefitted by such drain or sewer, but the mode of apportioning estimated costs of improvement of streets, prescribed in Sections 97 and 98 of Chapter VIII of this Act shall not apply to the construction of such sewers or drains, and when the Council shall direct the same to be assessed on the property directly benefitted, such expense shall in every other respect be assessed and collected in the same manner as is provided in case of street improvement *Provided*, That the Council may at its discretion appoint three disinterested persons to estimate and determinate the proportionate share of the cost of such sewer or drain to be assessed to the several owners of the property benefitted thereby

Sec 5 That Section Sixty-seven (67) of said Act be and the same is hereby amended so as to read as follows

Sec 67 The Auditor's name of office, whether acting as Auditor or Clerk of the Council, is 'Auditor and Clerk of the City of Portland' it is his duty, under the direction of the Council, to keep a fair and correct journal of its proceedings, and to file and keep all papers and books connected with the business of the Council He may have a deputy, to be appointed by himself in writing, and to continue during his pleasure, who shall have by shall have the power to perform any act or duty required of his principal, and his principal is responsible for his conduct

Sec 6 Inasmuch as there is an urgent necessity for the construction of certain sewers and other improvements before the commencement of the rainy season this Act shall take effect and be in force from and after its passage

Approved October 29, 1872

Criminal Imposition.

A bad bill substituted for a good one is simply a loss to the pocket of the taker; but a poisonous slop substituted or a life sustaining medicine imperils the health of those who imbibe it, and the man who concocts, or sells, or recommends such an article is a criminal imposter, and deserves to be visited with a heavier penalty than if he had counterfeited gold pieces or forged bank bills Many vile, unwholesome potions now being offered for sale in various parts of the country as "tonics" and "restoratives," are recommended by their dishonest proprietors and vendors as superior to the famous national specific, Hostetter's Stomach Bitters. Desperate attempts are made to thrust these pernicious compounds into the hands and down the throats of life-long patrons of the great vegetable stimulant and stomachic, and although these conspiracies against health and life very rarely succeed, it nevertheless seems to be a duty occasionally to warn the credulous against them. Hostetter's Bitters, the unequalled remedy for casual indigestion, confirmed dyspepsia, biliousness, liver complaint, pernicious fevers, constipation, constitutional weakness, and the functional derangement of the weaker sex, has for twenty years stood at the head of all medicines of its class, so far above them as to render competition futile. It has not yet reached the meridian of its popularity, its sale being larger now than at any period since its introduction Its utility as a preventive of disorders engendered by an insalubrious atmosphere or unwholesome water is admitted by physicians practicing in unhealthy districts, and it is recommended as a stimulant by many practitioners who will not take the responsibility of prescribing the adulterated liquors of commerce

PLANTATION BITTERS!

S. T.—1860—X.

This wonderful vegetable restorative is unsurpassed for purifying the blood, and debilitated. As a tonic and cordial for the aged and languid it has no equal among stomachics. As a remedy for the nervous weakness to which women are especially subject, it is superseding every other stimulant. In all climates, tropical, temperate or frigid, it acts as a specific in every species of disorder which undermines the bodily strength and breaks down the animal spirits.

WASHINGTON COUNTY.

HILLSBORO, Oct. 31, 1872.

During the last twelve months Washington county has built up rapidly; her population has increased; the value of taxable property has gone up from one million to one million and a half dollars; the resources have been more fully developed, though much yet remains to be done, the people have shown an enterprising disposition, worthy of the rich reward that they are now reaping. Within the past year iron ore has been found along the western foothills that will equal in richness any in the State. The farms have been repaired and the land put in better cultivation than any previous year. The yield of grain has been good, considering the season, and fully demonstrates the fact that this county has not known, and never will, perhaps, know such a thing as a total failure in crops. The capital expended in bringing the land up to the highest state of cultivation, has exceeded that of any former year by thousands of dollars. The farmers have organized a Farmers' Club in which the best interests of the farm are discussed. The transactions in real estate have exceeded those of any five years previous, and but a handful of the old pioneers who first settled in this county remain to witness the "blossoming of the wilderness." The communications opened up for the shipment of produce has given a new impetus to industry, and the people hail with joy every effort for the accomplishment of this most desirable object.

The Tualatin River Navigation Company have, with considerable zeal and enterprise, succeeded in opening the Tualatin river, and have placed means of cheap and reliable transportation at the disposal of the people, which is being freely made use of. The tributaries yet remain unimproved, but as soon as another season shall arrive work will be vigorously prosecuted until every stream is brought into use.

The gigantic enterprise known as the Westside Railroad, passes through the entire length of the county, and through the principal grain-growing portion of the basin or farming lands, and adds materially to the general wealth and prosperity of all. At the present time all unite in saying that, as an ornament, this enterprise is a grand success, and the company are deserving of great credit for the energy they have shown, but practically there are yet many abuses and mistakes to be rectified, before the full realization of its benefits is had. Time is required, however, in all these beginnings to get the machinery in good running order, and it is sincerely hoped that by another year all alike may share in the full benefits of the road.

Besides these things, an impetus has been given by the influx of population and capital, to the manufacturing interests. Steam mills and manufactories have already begun to compete with water power, for the patronage of the public. Towns have sprung up on every hand and most of the old ones have doubled their population.

Hillsboro, the county seat of this county, now contains about 600 inhabitants. It is situated in the exact center of the county on the line of railroad, and for shipping facilities, has both the road and river. There has been expended in building, repairing, etc., the sum of $26,000.

The town of Cornelius has sprung into existence, and contains about thirty-five houses with about 300 inhabitants, and the improvements in buildings, etc., will reach the sum of $20,000. It is located about three and one-half miles west of Hillsboro, and bids fair to build up a nice local trade.

Forest Grove, situated six miles from Hillsboro, is noted for its educational facilities, and has increased its population till it now contains about 700 inhabitants, and has expended $20,000 in buildings and other improvements during the year, and bids fair to lead all other towns in growth.

We might mention also Reedsville, Gaston, Centerville and Springville as places that have sprung into existence (with the exception of Centerville) during the year, and will swell the amount expended $20,000 more, making a grand total of the moneys expended for buildings and improvements in towns alone, reach the sum of $86,000. Add to this the building of farm houses, etc., and the estimate can be, I think, relied on at the amount of $100,000.

STOCK.

The importation of blooded stock by S. G. Reed, is too well known to need any comment. Suffice it, they are the admiration of all stock raisers in the State, and are counted as thorough-blooded as any in the United States. Mr. Reed is the acknowledged leader in every stock and farming enterprise in the country, and has made many friends among all classes.

Mr. W. G. Scoggins, the noted horse breeder, has done much to bring out the fine running qualities of horses, and a healthy competition in this line has done much good in bringing out the beauty and symmetry noticeable in the horses in this county. We might go on instancing the efforts and success of the Imbries, Porter, Smith, Naylor and others, who vie already with each other in pure blooded horses, cattle, sheep and swine, and are close on the heels of Mr. Reed, all being men of capital and high standing.

IN CONCLUSION,

I would say that for want of time and space, many things worthy have been omitted. In Washington county the stride upward has excelled the most sanguine expectations, and a gain of half a million dollars in one year is something to feel proud of. The county is providing suitable buildings for the county's use, and paying for the same without any additional per cent. on the tax levied, the rate of taxation being the same as last year.—only 15½ mills on the dollar.

As the year draws to a close, we hope that the feuds and contentions which may have arisen during the struggles for ascendency, growing out of competition in almost every branch of business and enterprise, may be buried forever, and all stand shoulder to shoulder to push Washington county ahead the coming year.

In spite of the tenacity of faith characteristic of the Jews, Christianity does make some progress among them. Of 30,000 Jews living in London 2,000 are members of Christian Churches. Of 18,000 in Berlin 2,000 are converted. The total number of Jews in Europe is reckoned at 3,421,760, and of these 20,000 are Christian converts. In the Episcopal Church in England 400 ministers are of Jewish birth.

Joe Hardin, a desperado less than 21 years of age, but who has the bloodiest history of any man of his age in Texas, has been arrested by the Sheriff of Cherokee county. He is reported to have killed 24 men in Texas and 1 in Kansas, making 28, since he was 15 years old. His father is a Methodist preacher of high standing.

There are fifteen thousand square miles of coal fields in which Pittsburgh is interested, and $15,000,000 of Pittsburgh capital is invested therein. Probably $25,000,000 more is invested in transportation, and the total of all interests dependent upon these coal fields cannot fall short of the enormous sum of $40,000,000.

Home Finances.

The month closes without any perceptible abatement in the stringency of the money market. During the week now under review the financial transactions with the interior have considerably declined, both as to the demand for coin to purchase grain and remittances. Such is the want of confidence in the grain market that other business which hinges materially on this staple is much affected by this uncertainty. There seems but little now in view to indicate that we are to enjoy a release from the ruling closeness in monetary matters before the dawn of 1873. It is fair to presume that some difficulty will be found in making the regular monthly collections, but no extreme results are likely to follow at present. There are those who hope to see a more comfortable state of affairs when a little more time shall have elapsed and the high freights prevailing on the coast shall have drawn hither a sufficient amount of tonnage to move the entire surplus crop of grain and thus distribute more such throughout the country; but this idea is scarcely practicable, as at present nearly all the vessels coming this way are already under charter, and that too at rates which are much more profitable to ship owners than shippers or producers either.

Home Market.

The receipts of Wheat for the past seven days have been large and the supply now on hand considerably exceeds the demand for home consumption and shipment combined The only vessel now loading is the *Siam* and it is likely that she will have received a full cargo before any other will go upon the berth for the purpose of receiving grain. If this be so it is probable that purchasers who are not now anxious will be still more selfish. The ruling rate now is about $1 35@$1 37½ per cental including sacks At this rate, producers but just realize the cost of production, and profit is out of the question The shipment by the *Loch Dee* were about 24,000 centals and near an equal amount will go by the *Siam* next week. A large quantity is in store awaiting chances.

Flour is more active, the demand for home consumption being better, while considerable shipments are reported for the Northern trade and to Honolulu, China and Japan ports No important change in rates is noted. Jobbing lots are quotable at $5 per barrel for extra; choice country brands $4 50@$4 75. The *Forward* for Hong Kong and the *Jane A. Falkinburg* for Honolulu will each take a fair quantity. The shipments to the Northward aggregate about 5,000 barrels.

Oats are in good demand with fair receipts, Choice heavy are changing hands freely at $1 40 per 100 pounds The *Forward* will take a small lot. Shipments during the week have been limited to the demand at Victoria and Sound ports.

Hay is coming in freely and prices show some tendency upward. $10@$15 for loose and $15@$20 for clean baled are the ruling quotations, the last for best quality.

A large lot of feed is on hand, in some cases exceeding the demand though rates rule as last reported.

A depreciation is noticed in potatoes, and while the supply has not materially increased, prices seem inclined to shade off, $1 per 100 pounds being the uppermost limit while many lots go at less.

Dairy products continue to arrive in considerable quantities though choice butter is scarce and the demand active, a prime article of choice in 2-lb rolls commands 45c per lb, choice, 32½@37½c; good, 20@25c; solid, 20@30c. Cheese is in fair request at 16@18c per pound.

Provisions are unchanged with fair supply. We quote Hams at 16@22c per lb; Bacon, 15½@16c; Lard, 12@17c.

Eggs are firmer and scarce; upward rates are expected.

The general business of the city for the week has been at least average, without any marked features of activity or dullness

Port Charges.

Our city contemporaries are discussing the question of Port Charges here and at San Francisco. The *Bulletin* gives a comparative statement of the expenses of the British bark *Loch Dee* in San Francisco in September, 1871, and the charges on the same vessel here during her late trip (She went to sea yesterday)

Shipping Intelligence.

The ship *Siam* is at Astoria receiving the remainder of her cargo. The *Knowa Hayward* will probably take down enough wheat to-day to complete the load of the *Siam*.

The ship *Zouave* has nearly completed discharging iron at Kalama, and may be expected to arrive at this port in a few days to load with wheat for Liverpool.

The bark *Jane A. Falkinburg* was towed down the river to-day. She will receive the remainder of her cargo—bolts—at Astoria. Her destination will be Honolulu.

The bark *Loch Dee* will probably go to sea to-morrow, bound for Liverpool.

The steamship *John L. Stephens* will sail for this port from San Francisco Saturday morning.

The steamer *Oriflamme* will sail for San Francisco tomorrow evening, with freight and passengers.

TO THE UNFORTUNATE.
NEW REMEDIES, NEW REMEDIES
Dr. Gibbon's Dispensary,
623 KEARNY STREET,
NEAR COMMERCIAL,
San Francisco. Established 1854.

for the treatment of Sexual and Seminal Diseases, such as Gonorrhœa, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc., Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

DR. GIBBON has the pleasure of announcing that he has returned from visiting the principal Hospitals of Europe, and has resumed practice at this Dispensary, 623 Kearny street, corner of Commercial, San Francisco, where his old patients and those requiring his services may find him.

The Doctor has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering.

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering such miserable existence from the effects of secret indulgences, or from virus absorbed into the system! Look at their pallid, emaciated and disfigured faces and their broken-down constitutions, disqualifying them for the happiness of marriage or the pursuits of life. In the horrid situation those unfortunate beings suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of those horrible, life-destroying maladies; see that they are cared for and cured before it be too late. Send them immediately to DR. GIBBON, a physician who has made private diseases his especial study for years, and who is certain to cure the most inveterate case, without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry, or you may fall into the hands of those charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practiced by the youth of both sexes to an almost unlimited extent, producing with unerring certainty, the following train of mental symptoms, unless combated by scientific medical means, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the back, loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, nervousness and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

MARRIED MEN.

Or those who contemplate marriage, who are suffering under any of these fearful maladies, should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief.

DOCTOR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure, or will make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity to any part of the country, with full and plain directions. By inclosing Ten Dollars only, in registered letter to the undersigned through Wells, Fargo & Co., a package of medicine will be forwarded to any part of the Union.

All communications strictly confidential

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders who, with bogus sworn-to certificates, hope the unwary one of the self-styled doctors, whose names are to be found in the daily and weekly newspapers of San Francisco and other places, are tried and became too lazy to work at their trades. Some are travelling showmen, jugglers, tailors, gate office keepers, etc. The only way to avoid imposition is to make inquiry—it will cost you nothing, and may save you many regrets; for, as advertising physicians in eight cases out of ten are bogus, there is no safety in trusting any of them until you know who and what they are. Dr. Gibbon does not deceive people by exhibiting bogus titles, certificates, pretended patients' letters, etc. Dr. Gibbon will satisfy persons who may call at his offices or by letter as to treat diseases that he proposes to cure.

Address DR. J. F. GIBBON, 623 Kearny street, corner Commercial, San Francisco, Post Office Box 1,957.
REMEMBER TO PUT BOX 1,957 ON THE LETTER.
Consultations FREE.
